The Honorable Eric N. Vitaliano  
United States District Court  
Eastern District of New York

**RE: Isaacson v. ARS**  
**15 CV 762 (ENV) (JO)**

Dear Judge Vitaliano:

I represent the plaintiff in the above referenced matter. For some reason, perhaps due to the numerous filings and ECF bounces along with the Dier matter assigned to Judge Amon, I somehow overlooked or missed that the defendant had made an application for a pre motion conference to move for judgment on the pleadings. I was under the impression that the defendant had only made an application for consolidation. I have conferred with defendant's counsel who has consented to this request. Plaintiff requests two weeks from today to respond.

Thank you for the Court's consideration of the foregoing.

Yours faithfully,

/s/

Adam J. Fishbein
